

Apostles Lutheran Preschool

September 8 - 10, 2009

BBQ Time

In your folder you will find an invitation to a family BBQ that the Mom's group from our church is organizing.

If you are interested in joining in the fun, please return the RSVP in your folder on Tuesday.

Back to School ABCs

Two weeks into school and the children already have the routine down. They have done an excellent job practicing their fire drill. They are excited to know that the firemen are coming to visit next week.

This week we learned about our world. Our Bible lesson was how God created our beautiful earth so the two went hand in hand. On Thursday we went on a nature hike to check out the world around us. We made a pair of binoculars so we could get up close. Pastor and his family let us explore by their garden so we could see the wonderful miracle of plants, insects and spiders.

Our Bible lesson shows us how powerful our God is. He used only His words to create everything and it was good!!! Ask your child how many days it took for God to create the world and then what He did on the seventh day!
The Bible treasure this week is - "God made the heavens and the earth."

Preschool Family Night

What are our Family Night events all about? It is time for food, fellowship and fun! Pastor interacts with the children during a children's devotion, the preschool sings and then we do an activity and have treats.

Join us September 17 at 6:30!

Parents Crosslink

Check out the newsletter in your child's folder.

This is a wonderful parenting tips pamphlet that we will share with you quarterly. It has a website where you can share ideas.

Just a reminder - tuition is due.
